Aims and objectives

Aims and objectives

What are your aims and objectives in providing the regulated activities and locations shown in part 3 of this statement of purpose

Embrace Inspire Support & Care Services Ltd aims to deliver person-centred domiciliary support for adults aged 18–65 with learning disabilities, autism, physical disabilities, and sensory impairments.

Our purpose is to promote independence, dignity, and inclusion through flexible, outcome-focused care that enables each individual to live safely and confidently within their own home. We provide this support as domiciliary care and as supported living, for people living in their own tenancies. Our service follows CQC's Right support, right care, right culture guidance. Right support: "Model of care and setting maximises people's choice, control and independence" – we support people in their own homes and tenancies, and help them take part in their local community. Right care: "Care is person-centred and promotes people's dignity, privacy and human rights" – we use positive behaviour support and avoid the need for restrictive practices. Right culture: "Ethos, values, attitudes and behaviours of leaders and care staff ensure people using services lead confident, inclusive and empowered lives." In supported living, people choose where they live and who they live with. Their tenancy is held separately from their care, so they can change care provider without losing their home. We support people in small-scale, ordinary homes in their local community. Restrictive practices are only used when legally authorised, as a last resort and for the shortest possible time. All staff complete positive behaviour support training and the Oliver McGowan Mandatory Training on Learning Disability and Autism (Tier 1).

Objectives:

- ***Deliver high-quality personal care that reflects each person's needs, goals, and choices.***
- ***Support independence through skill-building, confidence, and community involvement.***
- ***Maintain a positive, inclusive culture where safeguarding and dignity are paramount.***
- ***Ensure all staff are trained, supervised, and supported to provide compassionate, competent care.***
- ***Operate a transparent, well-governed service fully compliant with CQC standards.***
- ***Engage with families, advocates, and professionals to ensure continuity and accountability.***
